AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make ... It settles somewhere in the body and obstructs ... These, if not relieved, ... and the surrounding organs, producing general aggravation, suffering, and disease ... oppressed by the derangements, ... how directly they restore ... of the system, and with it the buoyant ... Dental Card.

Dr. J. K. Lincoln,

(Late of Augusta,)

DESIRING to avail himself of the course of instruction at the Theological Seminary in this city and being under the necessity of devoting a part of his time to the practice of his profession has taken the office lately occupied by Dr J W. Preese,

No 3 Union Block Main Street one Alden's Drug Store,

Where he will be happy to wait upon those desiring his professional services. Dr Lincoln has engaged as an assistant,

Mr N S. JENKINS OF THIS CITY

Ether or Chloroform administered to proper subjects when desired. All operations performed in the most skillful and permanent manner. Perfect satisfaction given or no charge. Office hours from 8 o'clock A M to 6 o'clock P M

TESTIMONIALS

DR J K LINCOLN—Though we have not the pleasure of a personal acquaintance with the gentleman yet we have reason to believe that he is a most skillful practitioner of the dental art. At least he has made one old face in our house look young again and has fitted by art a pair of jaws to masticate the food again which dame nature thought to deprive of this privilege a little too soon. We think the work and composition of the two full sets of teeth he has inserted cannot be excelled anywhere. We regard his presence in our city as an acquisition—not only as an accomplished dentist, but as a gentleman of good public talents and of an excellent private character

Rev W A DREW in the *Rural Intelligencer*

Dear Sir—While Dr Lincoln resided here I had frequent occasion for myself and family, for his professional services. He gave entire satisfaction. I can cheerfully recommend him to those needing his aid. Very truly yours

Augusta Oct. 6 1860 LOT M MORRILL

Dr J K Lincoln who has recently removed to Bangor resided in this city for several years and I take pleasure in bearing testimony to his high reputation as a skillful and successful dentist.

THE ONLY PREPARATION

THAT HAS

Stood the Test of Years,

And grows more and more popular every day!

AND testimonials new and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist that Prof Wood's Hair Restorative will restore the bald and gray and preserve the hair of the youth to old age in all its youthful beauty

BATTLE CREEK Mich Dec 21, 1858

Prof Wood—Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence. I have not been able to obtain stuff for caps neither have I been able to do them up in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black though short. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently I feel anxious to persevere in its use, and being destitute of means to purchase any more I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle and receive to thyself the scripture declaration—the reward is to those that are kind to the widow and the fatherless

Thy friend SUSANNAH KIRBY

LIGONIER (Noble Co. Indiana, Feb 1859

Prof O J Wood—Dear Sir In the latter part of the year 1852 while attending the State and National Law School of the State of New York my hair from a cause unknown to me commenced falling off very rapidly so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance as my more intimate acquaintances were to recognize me at all

I at once made application to the most skillful physicians in the country but, receiving no assurance from them that my hair could again be restored I was forced to become reconciled to my fate until fortunately, in the latter part of the year 1857 your Restorative was recommended to me by a druggist as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars worth of your Restorative and as a result have a rich coat of very soft black hair which no money can buy

As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances who I am happy to inform you are using it with like effect.

Very respectfully yours, A M LATTA,
Attorney and Counsel or at Law

The Restorative is put up in bottles of three sizes viz large medium and small. The small holds ½ a pint and retails for one dollar per bottle, the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle, the large holds a quart 40 per cent more in proportion and retails for three dollars per bottle

YOU CAN'T FIND

An Article that Suits as Well as

☞ HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE.

Apothecaries and consumers all testify that

It is the Only Reliable Article

☞ FOR THE BALD AND GRAY

Read the testimony from Kentucky

PADUCAH Ky July 27 1860

MR W A BELL.

Dear Sir —I have used HEIMSTREET'S INIMITABLE HAIR RESTORATIVE and am satisfied from an experience in all other preparations for the like purpose, that *it is the only article ever before the public worth purchasing*

Yours truly JOHN G DALY

PADUCAH KY, July 27, 1860

MESSRS W E HAGAN & CO Troy N Y

Gents —Above please find statement of Mr John G Daly a merchant of our city in regard to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. This testimony is given after having used most of the preparations now before the public *claiming* to be Hair Restoratives, and *must be considered conclusive* as to the merits of the *Inimitable*. Amount of the large size. Forward by Railroad double the quantity we had before

Very truly yours W A BELL

IT WILL RESTORE THE NATURAL COLOR OF THE HAIR;

which age or sickness has turned it grey and it will render it soft and glossy

"ANYBODY"

who may try it will find that it does not color the skin but by stimulating the natural secretion at the roots gives new life and strength to the hair, and thus restores its color and freshness. It can be used as freely as water upon the scalp and with as much safety—is composed of oil and stimulating spirits and as an article for the toilet has no equal

☞ Read this Letter

ST LOUIS Mo June 1st 1859

MESSRS W E HAGAN & CO

I hereby certify that my Hair having become gray and my head partially *bald* I bought from Henry Reynolds, Druggist, one four bit bottle of HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. By its use my Hair was restored to its original color and thickness it removed all dandruff, arrested its falling and gave it a rich glossy appearance. Its effects were entirely different from any Hair Preparation I ever used before. I know of several ladies and gentlemen my intimate friends who all speak of the "Inimitable" as being the best and cheapest Hair Preparation in our market. I can fully recommend it, and will refer any one to Henry Reynolds Drug'ist for the truth of my statements WILLIAM BOSLYSHALL.

Read one of the many letters received by the Proprietors:

ST LOUIS Mo Aug 2, 1860

Messrs W F HAGAN & Co Troy N Y—Gents The happy results attending the use of *Heimstreet's Inimitable* (in every sense of the word) *Hair Restorative* seems to demand that I should give my testimony that other ladies might profit by it. I have never used a hair preparation that I liked so well. It has *completely restored* every hair that was grey to the color it was in girlhood and has brought it out thick and healthy. I was induced to use the article by Mr Reynolds your Agent here. If this letter will be of service you may publish it

Very respectfully yours
Mrs M M BORST *Brooklyn st*

july 22, 1861 —d&wos6m.

[illegible]

AN equal and normal circulation of the blood is health. An abnormal that is to say an excessive or deficient circulation or stagnation of the blood is disease. To illustrate—torpidity of the Liver is caused by stagnation of the blood in that organ diseases of the Kidneys Inflammation of the ... Diseases of the Heart &c, by the same cause viz. Improper Circulation and from the same cause spring all minor forms of disease. To discover a certain cure then for these diseases the first great enquiry necessarily is What causes the blood to circulate?

For centuries it has been a matter of much study among scientific and medical men and while many experiments have been made and much labor expended upon the enquiry it has been left to this century among its other wonderful increase in knowledge, to make this grand discovery also

Acknowledging that life is the gift of the Creator and that "In Him we live and move and have our being" we still venture the remark that as the planets move in their spheres and all vegetable life is governed by certain absolute laws so animal life is traceable to a fixed cause which removed or destroyed death the certain effect follows

Analysis of the red corpuscles of the blood show them to be compounds of iron, sulphur and phosphorus

The air we breathe, we know to contain a very large proportion of oxygen

Oxygen brought in contact with a metal evolves or emits electricity

Electricity brought in contact with a muscular fibre causes it to contract.

These facts being indisputable we have now the solution as to the motor or motive power of the heart. The oxygen in the air we breathe coming in contact with the iron corpuscles of the blood emits electricity, which coming in contact with the heart causes it to contract, and hence the power which expels the blood and sends it tingling through the remotest arteries. What then are the causes of Consumption, Dropsy, Palsy, Paralysis St Vitus' Dance, Dyspepsia, Epilepsy Fever and Ague, &c, a deficiency of the red corpuscles containing the iron sulphur and phosphorus which causes a deficiency of electricity and consequently an abnormal circulation. The blood becomes watery colds and bronchial complaints and prostration ensue—the sufferer becomes nervous and subject to rheumatic pains and neuralgia—complaints of the liver and kidneys set in in short, almost every type of disease but virulent fevers may be traced to this deficiency in the blood of the corpuscles or red globules

Oil a causes a deficiency of corpuscles, and while we do not pretend to say that we have discovered the "elixir vitæ," we do say that life can be materially prolonged by the use of the

"Blood Food,"

which restores the red globules and thus the normal circulation. Consumptives! Friends of consumptives! Sufferers from any organic disease!! Unfortunates, who have by excess of the body or mind reduced the standard of the blood and diminished the red globules. Ladies suffering any of the distresses known as female complaints, be persuaded the "Blood Food" can cure you. It has cured thousands of desperate cases where all hope has been given up. Do not reject it, do not throw away your only hope. The "Blood Food" is an unfailing remedy, give it a trial

An elaborate treatise carrying out a fully proving the theory advanced here to be correct, will be mailed to any interested party, on the receipt of two 3 cent stamps. Blood Food is sold by all druggists or where it cannot be had I will send 6 bottles free of expense for $4. Price single bottle $1. It is put up in 8 oz vials in yellow wrappers—the old kind in small bottles, in red wrappers having been done away with—and bears the fac-simile signature of Church & Dupont upon the face of the wrapper. Beware of counterfeits and imitations.

JUNE Counterfeit Detectors, At A. BARTLETT'S.

Greatest Improvement of the Age.

The Good Samaritan!

VENTILATED OVEN

COOKING STOVE!

We are sole AGENTS for BANGOR and vicinity for the celebrated Cooking Stove,

GOOD SAMARITAN.

THIS STOVE was patented by Messrs Rathbone & Co, of Albany July 19 1859 and although but little more than a year has expired since it was first operated its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public. We claim for the Good Samaritan that its economy of fuel its simplicity of arrangement and real practical utility of the conveniences which surround it, have placed it far in advance of any stove yet offered to the world. We will name a few of the advantages which it possesses over any other stove, as well as some of the conveniences which attend it.

1 It has greater weight of castings, the bare stove weighing from 400 to 480 pounds

2 Greater capacity for baking. It has a very large Oven and also conveniences for baking on the top of the stove. It has also a large front roaster for baking bread pies &c or roasting meat, and this without danger of contaminating with the same taste the finest delicacies being baked in the oven of the stove an advantage which no other stove using the roaster possesses

3 Its perfect control of heat. The Good Samaritan has a treble draught arrangement, which enables the operator to use as little or great a fire as he chooses. The advantage which this arrangement gives over any other economist of fuel is that while a fire may be started in the cold stove in from one third to one half less time the operator can, after his fire is once started lessen the draught as much as he pleases even to closing it entirely—thus giving him perfect control of the heat

4 It has a soap stone fire back which will never burn out and consequently will not need replacing. Soap-stone is used very extensively as a lining to coal stoves as it is well established that nothing else will stand the effect of intense heat for so great a length of time.

5 Its accommodations for broiling are perfect and unequalled. It has a splendid arrangement for broiling on the hearth giving a perfect draught, through, under and around the gridiron into the flues of the stove keeping the coals alive and carrying off all smoke and gases arising from the food—It will also broil very nicely upon the top without the smoke entering the room. This is accomplished by closing the draught, and can only be effected by a perfectly air tight stove

6 Its arrangement for the ventilation of the oven cannot be excelled. It is effected by holes in the front door of the stove through which the fresh air passes striking against the front plate of the fire chamber (thus becoming heated before entering the oven) then through the ventilating damper into the oven of the stove where it forces all gases arising from the food which will naturally rise to the top over the front oven plate behind the fire back into the fire chamber where they are consumed (thus adding fuel for combustion) and also to the perfect draught of the stove

7 The Good Samaritan has many other properties which entitle it to be the most economical as well as the most efficient stove in the world. The great advantage of its being capable to do a greater variety of cooking at once with greater rapidity of operation is not to be lightly passed over. None who have ever examined it closely can doubt for an instant, but that with ordinary usage it must last from ... years. They can also testify of its great weight, and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear

That it possesses all the attributes and qualities of a first class stove is the height of perfection ... no longer an experiment, but an established fact That it has no equal we are fully prepared to demonstrate to all impartial persons, and solicit all whether wishing to purchase or not to call and see the stove and be convinced of the truth of these statements

We desire every house-keeper in Penobscot County to call and we think they will be fully repaid by examining the merits of this wonder of the age

In Peace or War, on land or sea,
Our flag, the ægis of the free,
Bright emblem of Columbia's glory!
Shall tell to coming years the story,
How, stout of heart, and strong of hand,
The patriots of our native land
Bore it, the nation's hope and life,
On tented field, 'mid fearful strife,
Still on! 'till through the sulphurous cloud
It broke in triumph, Treason's shroud!

Something to be Considered

In the contest which the Government is now waging to preserve the Union and the liberties of the people, not the least among the obstacles which it has to meet is the spirit of impatience manifested under apparent reverses, and a disposition on the part of many to censure our officers without a knowledge of all the facts, and to draw desponding conclusions in regard to the prospects of the war. Many loyal newspapers and individuals are every day doing damage to the cause, by indulging in this fault finding disposition—for to the extent of their influence they are impairing the confidence of the people in their Government and their leaders, and to that extent diminishing the necessary support which the Government must have *from* the people. No conductor of a newspaper should suffer himself to publish comments which will dishearten his readers or impair their confidence, nor to copy matter of that character from any source unless it be current news of the day as to facts occurring. We lay down this rule in its broadest and fullest sense and intend to abide by it. If any thing appears in our columns at this crisis which may tend to the discouragement of our soldiers or of the people at large, or which shall induce them to think that the war is improperly or inefficiently conducted, it will be by accident or because it did not meet the eye of the editor. The defence of the Union is in the hands of the constituted authorities, and we are willing to leave it there. They should have—they *must* have—the cordial and united support of the people, or we shall fail in subduing this gigantic rebellion. Our resources in money and in men are abundant for the purpose—but the extent to which they are provided depends materially upon the confidence which is felt. If the cause is made to appear doubtful, money will not be so freely furnished, nor will men so freely enlist. It is therefore not the part of a sincere patriot to let his voice be heard in censorious or desponding tones. If he has such feelings, let him keep them to himself. A single desponding remark made at the corners of the streets may fall upon the ears of men who will report it in the country as the general sentiment of the city, and thus do incalculable mischief, when in fact the opinion of intelligent men is that the Union cause gains strength and its general prospects brighten every day. We say then, to every Union man: Don't talk as if you were frightened. Don't say that General Fremont or any other General has failed in his management, or that the cause is losing ground in his department. If it be so, it will do no good for you to declare it. Let the Government investigate all such matters and take such measures as the public interest may required. This we may properly demand.

THE MADAWASKA DISTRICT. We are informed by a letter from Fort Kent that Abraham Defour, elected representative in that district, was not nominated by the Republicans as heretofore stated, but was the candidate of the French settlers, and supported as an anti-war man. That timid and uneducated people have been easily alarmed about the war, by a few designing men, and made to believe that they will be sent to the army—and as they far outnumber the native Americans on the Madawaska, they were able to secure the election of an anti-war man by a plurality. The Union men of the district had no less than three candidates, we believe—two Republicans and one Democrat.

A FEAST SPOILED. On Saturday last, says the Louisville Journal, the Secessionists held a grand barbecue at Simpsonville, in the county of Shelby, whereat the Secessionists of the surrounding counties assembled in large numbers, including a company of cavalry and two or three companies of infantry. Time rolled on. A fine dinner was spread in a grove, and the fine assemblage, dashed gaily with the trappings of war, were on the point of sitting down or standing up to the sumptuous viands, when, lo! the word came that Rousseau and his men were marching upon the place, at which announcement the gallant throng, cavalry, infantry and all, took to their heels and kept to them vigorously until the hindmost was safely lodged at home. The stampede is said to have exceeded anything and everything of the sort ever witnessed before on this side of the Alleghanies.

Maine Prisoners at Richmond.

The Philadelphia Inquirer of Tuesday, publishes a list of the wounded, sick and prisoners of the federal troops, who are now held at Richmond. The lists were furnished by liberated surgeons of our army, who arrived at Washington on Monday. The following is given as the list of prisoners belonging in Maine:

Privates L R Hasdill, Dover, T H Palmer, Milo, G W Lord, Milo, R Emery, Monford, W J Griffin, Stockton, C S Morris, Castine, W J Davenaux, North Castine, J D Perkins, Brook, J W King, Orrington, H H Scribner, Oldtown, D F Millet, Palmyra, O Dillingham, Oldtown, D B Mason, Brownville, S Hurd, Bangor, Ed M Jaggart, Bangor, James Banks, S D Gates, Lincoln, J J Spaulding, S P Bansoom, H S Perkins, Bangor, S M Crowley, Bradley, J A Bailey, Bangor, H Black, Dedham, Ben Fraser, Otis, A Paston, Bangor, C P Perry, South Thomaston, H S Washburn, Bangor, Horace K Haskill, George W Donnelly, Frankfort, E W Ellis, Monroe, John Rodgers, Windham, W B Robertson, Bethel, Lawrence Jarsett, Brunswick, John Willis, North Berwick, Jack Connelly, Horace Pratt, Frankfort, Peter Stilran, Portland, John Conr, W S Robinson, Sumner, Michael Kelly, (driver,) J M Davis, Jr, Bangor, Wm M Pachard, Hope, H W P White, Portland, I S Gray, Deer Isle, A H Sprague, St Albans, Third; F W W Murrow, Fourth, C R Brookins, Joseph O Trim, Second, W H Severance, John Reed (No.) John F Goodwin, Third, John Marston, Fourth, Jonathan Knight, do, Fifth, John Logan, E B Blondel, B L Bussell, B C Covell, Ezra Goodwin, Adams Johnson, H M Stinson, R B Kendall, Fourth, O Robinson, F W Hall, L M Woodcock, Miles Jackson, Sandford Sylvester, H B Storer, George W Sylvester, Third, Charles C Drew, Parker Pillsbury, Joseph Gressy, O H Bredin, C Herrick, J H Welch, John Sawyer, Albert Foss, Martin Foss, Joseph Morgan, Howard Crosby, W L Taner, John Jones, Sergeant Morrison, Robert Chapman, Second regiment, A G Clearer, H M Blaisdelle.

The following from this State are reported among the wounded:

Joseph Speed, Second Maine, shot through thigh, Freeman Shaw, Fourth Maine, right arm and hip, J C Gilmore, Second Maine, left thigh.

The following are reported as in one of the hospitals at Richmond:

D B Wood, Hebron, Arthur D Matthews, Fourth, Albert C Ballard, Third, D B Mason, Second, Louis Willard, Second, Charles Preston, Third.

THE PEOPLE'S LOAN. The contribution to the loan at the Hartford, Conn., Bank for five days, was $125,000. The State Bank has taken $90,000, and the Phœnix Bank $260,000, and the Life Insurance company is said to have gone in for $100,000, and Col. Samuel Colt for a similar amount. The Mercantile Bank subscribes for $65,000, the Ætna $55,000, Conn River Banking Company, $50,000, George P Bissell & Co., Bankers, $50,000, Exchange Bank $90,000, Hartford County Bank $15,000.

The amount taken by individuals in New York, Philadelphia and Boston, up to Tuesday last, was as follows:

In New York,	$10,660,000
In Philadelphia,	2,290,000
In Boston,	2,552,000
Total,	$15,502,000

HOW TO MAKE DRESSES UNINFLAMMABLE.—The late fatal accident which caused the death of the lamented wife of Professor Longfellow, the death of the wife of a London Physician in almost precisely the same manner, and the very recent heart rending accident to the Gale sisters and others of the ballet corps, at the Continental Theater at Philadelphia, must have impressed upon the public mind the necessity of caution to prevent the frequently recurring and distressing accidents of this nature. The Scientific American of the present week again urges the necessity of such precautions upon the attention of the public, and reprints the following method of preparing ladies' inflammable dresses to render them safe against such accidents. We commend it to attention:

"The chemicals to be used are the tungstate of soda and the sulphate of ammonia. Carbonate of magnesia and common alum will answer, but the first two are said to be the best. One part of these salts dissolved in ten parts of water is about the strength of the solution required. The salt may be mixed with the starch, or after the dresses are starched and dried in the atmosphere they may be thoroughly and uniformly moistened with it, and then dried and ironed. In several of the great bleaching works in Great Britain, the muslin in pieces is now rendered uninflammable by the application of these chemicals."

CASTE IN THE REBEL ARMY. The Richmond Examiner of August 30, has the following unvarnished account of the aristocratic bearing of the officers in Beauregard's army—

They were officered by a West Point Captain, and all their officers were gentlemen of refined culture, who kept their own servants, their own tables, and ignored as much as possible the existence of the men when off duty. * *

A few deserted—more would, had they dared—disaffection with the service was general.—Treated worse than any negro slaves, they said among themselves. What if the South whips, we die, the non slaveholding whites will get nothing by it! They said much more than this, for they were virtually abolitionized by their position.

The company, which contained a fair proportion of intelligence and manhood, submitted passively to the privations above mentioned within hail of their own homes. What, then, can be expected of soldiers far away from home?

The experience of this company is still very favorable, on the whole, as compared with a great many others we could name.

AGES OF THE STATES. The following chronological table which we take from an exchange, may be interesting to our readers at the present crisis:

Settlement

1607—Virginia, by the English
1613—New York, by the Dutch
1620—Massachusetts, by the Puritans
1624—New Jersey, by the Dutch
1628—Delaware, by the Swedes and Fins
1635—Maryland, by the Irish Catholics
1638—Rhode Island, by Roger Williams
1639—North Carolina, by the English
1670—South Carolina, by the English.
1682—Pennsylvania, by William Penn
1732—Georgia, by Oglethorpe

Admitted into the Union

1792—Vermont	1836—Michigan
1792—Kentucky	1836—Arkansas
1796—Tennessee	1845—Florida.
1802—Ohio	1845—Texas.
1811—Louisiana.	1846—Iowa.
1816—Indiana.	1848—Wisconsin.
1816—Mississippi	1850—California
1818—Illinois	1858—Minnesota.
1819—Alabama	1859—Oregon
1820—Maine	1861—Kansas.
1822—Missouri	

IMMENSE LUMBER RAFT. An immense raft of lumber has been floated down the St. Lawrence to the Welland Canal. It is valued at $68,000 at the Welland Canal, and at Quebec will be worth from $75,000 to $80,000. It is 1,500 feet long by 65 wide, and contains 180,000 cubic feet of square timber. It is the Norway or red pine. From Quebec it is to be shipped to Liverpool.

THE NEW SULTAN'S ECONOMY. A magnificent collection of mounted diamonds, the property of the late Sultan, are now on exhibition and for sale in London.

About one hundred members of the police force of London have formed themselves into a musical band, and are giving public concerts weekly in one of the parks.

LOCAL AND MAINE ITEMS.

☞ Copies of the Daily Whig—price three cts—for sale at our counting room.

☞ Our Carriers are not allowed to sell papers while on their routes.

*,*Subscriptions for a less time than three months 50 cents per month.

THE NATIONAL FAST DAY was more generally observed in this city than any of our Annual Fasts have been since our remembrance. Nearly all the stores and places of business were closed for the entire day. The attendance at the religious meetings was very much larger than usual, and there was a general appreciation of the solemn character of the occasion.

Union religious services (of all the societies) were held at Norombega in the forenoon, where the congregation was so great as to crowd every part of that spacious hall to its utmost capacity, and many were obliged to go away without obtaining admission.

The arrangements made by the delegations from the different churches were well conceived and found to be highly appropriate and suitable to the occasion. The audience remained about two hours and a half, deeply interested and orderly till the benediction was pronounced. The exercises were deeply impressive, and the most solemn feeling of our dependence upon God, as a nation, was felt in every breast.

At a quarter past 10 the Mayor called the large assemblage to order, and invited Rev Dr POND of the Seminary, to conduct the exercises. He made some prefatory remarks suitable to the occasion, and invited the audience to join in singing the following Hymn:

TUNE—*Sicilian Hymn*

Dread Jehovah! God of Nations
From thy temple in the skies,
Hear thy people's supplications,
Now for their deliverance rise.

Lo! with deep contrition turning,
Humbly at thy feet we bend,
Hear us fasting, praying, mourning,
Hear us, spare us, and defend!

Prof Smith, of the Seminary, then read a portion of the 9th chapter of the Book of Daniel.

Rev Mr Curtis, Methodist, addressed the Throne of Grace.

The following Hymn was then sung:

TUNE—*Dundee*

Lord thou hast scourged our guilty land
Behold thy people mourn,
Shall vengeance ever guide thy hand
And mercy ne'er return?

Our nation trembles at thy stroke,
And dreads thy lifted hand;
O heal thy people thou hast broke
And spare our guilty land.

Then shall our loud and grateful voice
Proclaim our guardian God,
The nations round the earth rejoice
And sound thy praise abroad.

Rev Mr Battles, Universalist, then spoke about 10 minutes, taking for his topic, the Sins of the Nation, and in particular the sin against the blackman.

Rev Mr Tarbox, Freewill Baptist, then offered prayer.

The audience sung the following Hymn:

TUNE—*Hamburg*

Lord with thine ancient people cried
Oppressed and bound by Egypt's king,
Thou didst Arabia's sea divide,
And forth thy fainting Israel bring.

Lo! in these latter days, our land
Groans with the anguish of the slave!
Lord God of Hosts! stretch forth thy hand
Not shortened that it cannot save.

Roll back the swelling tide of sin—
The lust of gain, the lust of power
The day of freedom usher in
How long delays th' appointed hour?

Rev Dr Tefft, Methodist, addressed the audience upon the present rebellion, contending that every attribute of God was in favor of the war to suppress the rebellion.

Rev Dr Shepard, of the Seminary then led in prayer.

Appropriate and fervent remarks followed from Rev Mr Gilman, of the 1st Parish.

Prayer by Rev Mr Everett, Unitarian.

TUNE—*Marlow*

O Lord our fathers oft have told
In our attentive ears,
Thy wonders in their days performed
And in more ancient years.

'Twas not their courage—nor their sword
To them salvation gave,
'Twas not their number—nor their strength
That did their country save.

But thy right hand—thy powerful arm
Whose succor they implored
Thy providence protected them,
Who thy great name adored.

As thee their God, our fathers owned,
So thou art still our King;
Oh therefore, as thou didst to them
To us deliverance bring.

To thee the glory we'll ascribe,
From whom salvation came
In God our shield we will rejoice,
And ever bless thy name.

Rev Mr Small, of the 1st Baptist, made the closing remarks, giving the true spiritual idea of the observance of the day.

Prayer by Rev Mr Porter, 2d Baptist.

The closing hymn was then sung:

TUNE—*America*

God bless our native land!
Firm may she ever stand,
Through storm and night
When the wild tempests rave,
Ruler of winds and wave,
Do thou our Country save,
By thy great might.

For her our prayer shall rise
To God, above the skies,
On him we wait,
Thou who art ever nigh.
Guarding with watchful eye
To thee aloud we cry
God save the State!

The meeting closed with a benediction by Dr Pond.

In the afternoon meetings were held in several of the churches and were well attended, in which the interest continued without diminution.

☞ Buglers, farriers, Blacksmiths, sadlers and wagoners are wanted to enlist at Augusta for the cavalry regiment. See Special notice.

Union Club—Ward Three.

There will be a meeting of the Third Ward Union Club, at the school house on Union Street between Third and Fourth Streets, this evening. A punctual attendance is requested.

CAVALRY HORSES. Attention is called to the advertisement of the Adjutant General, of the purchase of horses at various points in Aroostook County, and at Patten and Lincoln on certain days during the next two or three weeks.

A MISSING MAN TURNED UP. Capt. Isaac N. Harriman of Searsport, advertised as missing at Portland, a week ago, has since arrived at his home in a slow sailing schooner, by which he took passage instead of by railroad as reported.

☞ It is stated that Quartermaster Lord, of the Second Maine Regiment has resigned and obtained his discharge, and that his place is filled by S W Hoskins, of Oldtown. Also that Quartermaster Strickland of the Sixth Maine has resigned.

NOBLE GENEROSITY. The soldiers in six companies of the 9th Regiment, with the members of the band, contributed the sum of $188 for the relief the widow of their comrade, E H Owen, who was unfortunately drowned at Augusta last week.

GEN. BUTLER IN PORTLAND. Major Gen Benj F Butler arrived in this city yesterday noon, and took lodgings at the Preble House.—In the afternoon he was called upon by many of our citizens, and, at the request of the Mayor and many others, concluded to meet our fellow citizens at the new City Hall at 7½ o'clock in the evening.

Long before the time had arrived the spacious hall was as densely packed with human beings as it could be, and all the ante rooms were filled. It was the largest convocation of people we have ever seen in Portland.

Gen Butler was introduced to the audience by His Honor Mayor Thomas in a few felicitous remarks, and was received with storms of applause, the band playing "The Star Spangled Banner." In response to calls from the vast audience he addressed them for half an hour. He said that by the kind favor of the Governor of this State he hoped to raise more than one regiment in this State, to be devoted to special and specific service, and it was the men of business, the mechanic and lumbermen that he wanted to join him.—*Portland Argus.*

AN INCIDENT. *Mr Editor*: As I was walking with a friend through the camp of the 9th Regiment at Augusta, the day before its departure, I noticed an elderly man bearing a little child of a few months old in his arms, and accompanied by a young, sad looking woman of some two or three and twenty years.

The elderly man was probably the grandfather of the child, and the young woman the mother, and they were here to take their last leave of the father and husband who is a soldier.

I saw no more of them until after the Regiment had left, when I met the same group in the H H of the Augusta House, just ready to leave for their home.

Having a curiosity to know if my surmises of the day previous were correct, I entered into a conversation with the man and learned the following facts:

The man appeared to be one of the respectable class of small farmers. He lives in the town of Sumner, and as I had correctly surmised, sustained the relation of grandfather to the child, and with the daughter in law was here to take leave of the son who had gone with the Regiment. He told me this was the *fourth* and *last* of his sons who had enlisted.

Such facts as this are cheering indications, and while our honest hardy fathers and mothers are willing and ready to give up the last son to serve his country, and assume the care and expense of their families, we need no despair of the cause of liberty and right. This is, to be sure a simple incident, but one of much significance. F

PENOBSCOT MUSICAL ASSOCIATION. The fourteenth annual session of this Association commences next Tuesday, Oct. 1, in charge of Prof William B Bradbury, of New York. One dollar will admit to the four days session,—morning, afternoon and evening—including the Concerts. See notice in another column.

☞ Mr R V P Hawkins of Rockland was severely injured in one of his hips by jumping from a wagon on the Thomaston road. Another person was attempting to drive by him and crowded his horse out of the road.

☞ The Portland Advertiser and other papers call upon us to give the *names* of the persons alluded to by us as believed to have tampered with men of our Maine regiments for the purpose of producing mutiny. The Advertiser must be verdant to suppose that we should do any such thing. When the government has proof enough to convict the gentlemen they will probably hear of something to their disadvantage.

THE MUTINY IN THE FOURTH REGIMENT.—The Belfast Age has the following facts from Capt Bean:

When called out for parade one hundred and three refused to do duty. They comprised a large portion of Capts Burns and Carver's companies of Rockland, and a considerable number of Capt Smith's Wiscasset company, also about twenty from Capt Cunningham's company, and three from the Searsport company. The mutiny arose from a supposition that the regiment were only three months men on account of some informality in mustering them into service.

Nineteen of Capt Cunningham's company who did not openly revolt but who had signed a paper promising to do so, at the instigation of one Walker, were received back into the company. Walker was marched off with the rest of the mutineers. The sentence of the revolters is that they be separated and distributed into other regiments, and that all of them shall be disabled from any promotion even to the place of corporal. The regiment has since been paid off, and order and contentment is again restored.

FIRES. The house barn and outbuildings of James Gallagher in Whitefield were burnt on Wednesday night the 11th,—loss some $1200. Also John Murphey's barn, with some 30 tons of hay,—loss some $500. Both supposed to be incendiary. Also the barn of Wm Hodges, loss $200.

CHILD DESERTION. A woman, yesterday, stealthily left a child in the Ladies' Department at the Grand Trunk Depot, in this city. It is a boy of about two and a half years old, and a bright, handsome child. It can lisp words, as "Mamma gone in the cars," &c, but cannot tell its name. The clothes were abundant and good. The Overseers of the Poor have the little fellow in charge.—*Portland Adv.*

☞ The company from Aroostook, under command of Capt. West, which left here on Wednesday last by the steamer Daniel Webster, has been attached to the *First Regiment*, in Portland.

☞ An Artillery Company has been organized in Farmington, of which E F Pillsbury, Esq., of the Patriot, is Captain.

The eleventh Regiment of Volunteers for which recruits are now enlisting, will go at once into camp in this city, under command of Col. J. C. Caldwell of East Machias.—*Ken. Journal.*

Messrs Wheeler & Lynde

Gentlemen,—At an election of officers of the Springfield Volunteers, Leonard S Harvey was chosen Captain, John D Stanwood, 1st Lieut.; Gibson S Budge, 2d Lieut., James W. Noyes, 3d Lieut. The company now numbers 65 able-bodied men.

Springfield, Sept. 26

FIRE AND FATAL ACCIDENT. At Fort Kent, on Saturday, Sept 14th, the house, barn and outbuildings of Peter Clare were entirely destroyed by fire. Loss about $5000. No insurance. After the fire Mr Clare descended into his well to clear out the rubbish, which had fallen into it during the burning of the buildings, the air in the well was almost entirely exhausted, and it was filled with noxious gases, so that when Mr C reached the bottom he fell insensible. As soon as his condition was ascertained, another person, taking a rope with him started down the ladder but did not get more than half way down when he was overcome and fell to the bottom, striking his head against a rock with such force as to kill him instantly. They were both got out of the well after a great deal of exertion. It was with difficulty that Mr Clare's life was restored.—*Pioneer.*

☞ We learn that Geo F Shapley, Esq., of Portland, is about to raise a regiment for Gen Butler's brigade, for special service.

Gen Butler arrived on the train Thursday afternoon, and was welcomed at the depot in this city by a large and most enthusiastic multitude. He stepped out upon the platform and made a few remarks in response to the hearty greetings of the people. Gen Butler addressed a mass meeting at Augusta on Thursday evening.—*Hallowell Ga.*

Selections from Vanity Fair.

From our Contraband Contributor.

The gait to be avoided by our cavalry—De Canter.

Much needed in our Government Offices—more light than is afforded by red tapers.

Apology on the new tariff on liquors—In great emergencies the heaviest duties are generally assigned to the ardent.

A Con from the Far East. Q. What is the difference between the Persian Gulf and the Desert of Arabia?

A. The Persian Gulf is said to be haunted by Mermaids, but there are Nomades in the Deserts of Arabia.

SPECIAL NOTICES.

The men were willing to follow him, but were so exhausted that they could have made but a feeble resistance

The fight lasted from 8 o'clock Wednesday until 4 o clock Friday afternoon, during which time the fighting was so incessant that our men had neither time to eat or sleep, and water was very scarce

The enemy erected breastworks of hemp bales, and fired upon the Federal garrison from tree tops, hillsides and roofs of houses Several charges were made by the rebels each of which was repulsed with considerable loss

The report from Quincy to the Chicago Tribune that Gen Sigel had attacked Price at Lexington is utterly false. Gen Sigel has been here several weeks and Gen Hunter reached Jefferson City today from Rolla.

[The following is supposed to be from Gen Banks division]

There are about 600 foot soldiers in and about Martinsburg generally employed in taking up the track of the Baltimore & Ohio Railroad from Opequan Bridge to Dpitfield's Station a distance of 12 miles, and six miles above Harper's Ferry The rebels have succeeded in carrying off three of the new locomotives and were engaged in taking to pieces four others

Nothing has been done towards laying the track from Winchester to Strausburg on the Manassas road The reason given is that they have no cross-ties

At Charleston there were but two companies of rebel militia who are being used as laborers

At Winchester there are from 3000 to 4000 rebel militia who are half clothed half shod and half starved They were being used as laborers The condition is deplorable in the extreme and they perform the duties assigned them with the greatest reluctance

Gen Johnson was recruiting his health at Sulphur Springs

The general supposition among the people in Winchester and Charleston was that the time for crossing into Maryland had passed and that no attempt would now be made

The object of moving up from Manassas so large a rebel force was to cross and take possession of Frederick and other ports should the Maryland Legislature pass the ordinance of secession

[From the N Y Times Washington Correspondent September ...]

An Opportunity for the Rebels Lost.

This morning nearly five thousand men left their camps in the vicinity of Chain Bridge and proceeded on the road towards Lewinsville Its ostensible purpose of the movement was to obtain forage The real design was to give the rebels an opportunity for a fight, which they have stated they had been courting without success A hundred wagons accompanied the expedition The column marched to within a ... and a halt of Lewinsville and halted at about 10½ o clock, on the place of a physician Supports of infantry and artillery had been left along the road in the rear Immediately on halting two pieces of artillery were placed on the right and four on the left both on open eminences about 600 yards distant from one another Pickets were thrown out upon all sides and at once the wagons moved off in different directions and commenced to load with hay belonging to firmers known to be secessionists Whilst this was proceeding a body of rebel cavalry appeared a short distance east of Lewinsville and Captain ... it opened fire upon them In a few moments they had entirely disappeared and there were no signs of a reappearance for several hours

About 3 o clock, ninety loads of hay had been secured, and Gen Smith had determined to return when a regiment or two of cavalry and a battery of six guns approached from the direction of Lewinsville and formed in line of battle about two thousand yards distant

A few moments after a regiment of infantry appeared upon the left flank, and the indications were that there would be a brisk little Our troops at once fell into line to the number of three thousand men the remainder of the force being on picket or left as supports ... Orders were forwarded to ... to move up to the main column ... ton was ... to hold themselves in ... to move

Confident of an engagement our troops were in the best of spirits and anxiously waited the attack The rebel battery soon opened fire with shot and shell The first shot came half way to our line the second fell short a hundred yards and the third, a shell burst over the ... Regiment and seriously wounded a private in the arm

In the meantime Griffin commenced to reply with his battery and his first shell burst in the midst of the rebel battery, causing a brief interruption in the enemy's attack They renewed however but were finally compelled to retire ... infantry cavalry and artillery ... this ... tried in all twenty six rounds The infantry on the left also vanished in the woods and at 5 o clock not a rebel was in sight They were present in force fully as strong as our own but they did not fire a musket, nor did their cavalry make any demonstration

Gen Smith then ordered the force to fall back to their camps, which they did with their forage and much disgusted that they had not had a general engagement

The Expedition to Ocracoke, N C.

A correspondent of the Philadelphia Inquirer gives the following particulars of Fort Ocracoke recently vacated by the rebels and afterwards destroyed by the federal fleet—

It is about twenty miles below Hatteras Inlet and thirty from Beaufort It commands the entrance to Ocracoke Inlet is octagonal in shape and was built by Col Morris in the most substantial manner In fact ... was pronounced by the officers as far superior to Pickens and ... the depth of water ... most impregnable Why it should ever have been evacuated was a matter of surprise to all who looked upon this splendid monument ... ering and could ... be relieved by a long ... for the United supply ... improbability of procuring a further supply as there was no well on the island All the water was brought from Washington and Newbern

At equal distances inside the ... were the shell rooms, four in number and twenty five feet square To the center of the fort was a large bomb proof about 100 feet square and capable of holding ... men

There were four navy shell guns and fourteen long ... pounders in the fort two of the guns had been carried off from the entrance of the fort by the steamer Albemarle, and taken to Newbern on the day before we arrived All the guns except one had been spiked by the Confederates before leaving the fort all of them had been received from Norfolk, and were marked U S 1841 The fort was commenced in May last and the free negroes and as many of the white men of the State as could be spared from military service, were employed in building it It cost $200 000

At ... a mile and a half from Beacon Island is the village of Portsmouth, which contained before the bombardment four hundred and fifty inhabitants, but nearly all had fled to the main land so that scarcely a hundred remained in the place Here a camp called Camp Washington, had been established composed of the Roanoke Guards Tar River Boys &c in all about five hundred who could whip five Yankees each but who came to reinforce Fort Hatteras on the morning of the bombardment, and are now safe prisoners of war in Yankee and

A FRENCH FOUR-POUNDER The French four pounder is so light and easy to handle that it superseded cavalry at the battle of Magenta in which the Austrians were as everybody knows pursued in their flight by the artillery Since the campaign of Italy the French army has been provided with a four pounder still lighter throwing the same projectile an equal distance and transportable on horseback This cannon weighs only 33 pounds and may follow the infantry to all places and positions it may be called to occupy

As the polite omnibus agent of the Lexington and Louisville Railroad was going through the ladies car checking baggage he asked a very pretty young lady if she had any baggage she wished taken to the hotel? She replied No sir The agent then asked her if she desired a 'bus? She instantly gave him a very sweet smile and replied, 'No sir, I am not in a bussing condition this evening ' The agent dropped his memorandum book, hastily retired to the baggage car and said he felt unwell

THE DISASTER IN MISSOURI Through letters received here this morning from St Louis I am strongly impressed with the belief that Gen Fremont has or will immediately retrieve the disaster which befell Col Mulligan, at Lexington — That he will do so, or perish in the attempt is the general belief of his friends —*N Y Times Washington Correspondent*

The letter writers are killing off Napoleon III His complaint is one of the spine a right bad one for one who has so constantly to play the part of 'the man on horseback ' They say the Emperor can t ride now though he a very superior horseman when able to be in the saddle We ... the world good night now there would be a fine state of things produced therein France, a bad day indeed and so through out Europe Individual character has had everything to do with government 'since the Gallic era eighty-eight ' Always important, it has been of the highest value in an age in which the old landmarks have been subverted, and mankind have been ruleable only by superior skill disregarding precedent and daring nothing for the idols of their fathers The French government has been the most personal of governments that Europe has known since Protector Cromwell died amid wind and rain the tempest being the type of what his followers and further associates were to experience when his protection should be lost to them —*Traveller*

DRAFTING TROOPS IN IOWA A despatch went today from Secretary Cameron to the Governor of Iowa forbidding the drafting of troops and expressing his unbounded confidence in the patriotism of the people and intimating that the policy of the War Department would be to rely wholly on the popular love of Freedom and the military attachment to the Union These Mr Cameron insists will ever be sufficient to carry the Free States through any contest with Slavery —*Tribune*

There is much truth in this You may insert a thousand good things in a newspaper and never hear a word of approbation from the readers but you just let a paragraph slip in by accident or otherwise of one or two lines not suited to their tastes and you will be sure to hear of it

PERUVIAN SYRUP,

OR PROTECTED SOLUTION OF PROTOXIDE OF IRON COMBINED.

This well known Remedy has been used extensively and with great success for

DYSPEPSIA,

Or Impaired and Imperfect Digestion; FOR THE CONSEQUENT DETERIORATION OF THE BLOOD; AND FOR THE FOLLOWING FORMS OF DISEASE, Most of which originate in DYSPEPSIA:

LIVER COMPLAINT, DROPSY, NEURALGIA and NERVOUS AFFECTIONS, LOSS OF APPETITE, HEADACHE, LANGUOR and DEPRESSION of SPIRITS, CARBUNCLES and BOILS, PILES, SCURVY, AFFECTIONS OF THE SKIN, CONSUMPTIVE TENDENCIES, BRONCHITIS, DISEASES PECULIAR TO FEMALES, & ALL COMPLAINTS ACCOMPANIED BY GENERAL DEBILITY, AND REQUIRING

A TONIC AND ALTERATIVE MEDICINE.

Note.—The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state and assimilate at once with the blood. This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation. For this reason the PERUVIAN SYRUP often radically cures diseases in which other preparations of Iron and other medicines have been found to be of no avail.

Certificate of A. A. HAYES, M. D., of Boston. It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron without further oxidation has been deemed impossible. In the PERUVIAN SYRUP this desirable point is attained ... the proto carbonates ... the Materia Medica. A. A. HAYES, Assayer to the State of Mass.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD

And for the speedy cure of the following complaints: **Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.**

OAKLAND, Ind., 6th June 1859. J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. ... years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla) ... in small doses of a teaspoonful ... almost three bottles, new and healthy skin soon began to form under the scab ... My skin is now clear, and I know by my feelings that the disease has gone from my system. ... Yours, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., ... Sep. 1859, that he has cured ... of *Dropsy* ... *Salt Rheum* ...

GARDINER'S Rheumatic and Neuralgia COMPOUND!

A certain safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy, driving out and entirely eradicating the disease, requiring no change of diet or business, and may be taken by children and persons of the most delicate constitutions with perfect safety.

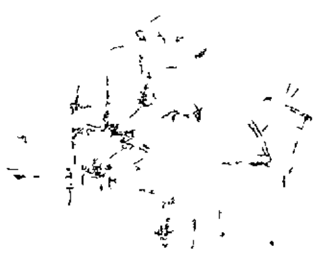

TESTIMONIALS.

"Gardiner's Rheumatic & Neuralgic Compound is the best medicine for the disease I ever saw." CHAS. A. SMITH, No. ... Old State House, Boston.

After suffering with Rheumatism twenty years, and being confined to my bed seven weeks last spring, I was entirely cured by the use of ... of Gardiner's Rheumatic & Neuralgic Compound. NORMAN T. AYERS, Franklin st., Boston.

Having been a constant sufferer from Neuralgia for eighteen months, and being constantly experimenting ... I was induced to try Gardiner's Rheumatic and Neuralgic Compound. I have taken but one bottle and am entirely well. D. D. BAXTER, Dry Goods Dealer, No. ... Appleton Block, Lowell, Mass. ...
